

Letter of Recommendation

To Whom It May Concern,

I am pleased to write this letter of recommendation for Yara Alsiamy, who successfully completed a Bachelor's degree in Artificial Intelligence at Umm Al-Qura University.

During her academic studies, Yara consistently demonstrated dedication, responsibility, and a strong commitment to learning. She showed excellent analytical and problem-solving skills, actively participated in coursework and projects, and maintained a positive attitude toward academic challenges. Her ability to work independently as well as collaboratively with peers contributed significantly to her success.

Beyond her academic performance, Yara displayed professionalism, integrity, and effective communication skills. She was respectful, motivated, and eager to develop her knowledge and abilities. These qualities enabled her to build positive relationships with faculty members and fellow students alike.

Based on my experience with Yara, I confidently recommend her for employment opportunities, graduate studies, scholarships, or any position that values competence, dedication, and potential for growth. I am certain that she will make a positive contribution to any organization or institution she joins.

Please feel free to contact me if you require any additional information.

Sincerely,

Dr. Eiman Alharby
Assistant Professor
Computer Science and Artificial Intelligence Department
Umm Al-Qura University
